Faye De Pasquale

For over four decades Faye has shared her passion for painting with students and enthusiasts alike through her teaching and involvement in many Art Shows and exhibitions. Faye has exhibited her work and technique widely and has won many awards that have gained her much recognition throughout her successful career.

Faye's work ranges in size and uses a number of different media on both canvas and paper. Her passion and inspiration is largely drawn from a visit some time ago to the ever changing and stunning canvas that is the Australian outback. In the heightened color, vast expanses and patterned forms of the outback she found a freedom not experienced in suburbia or country Victoria that Faye says will occupy her creative passions for a lifetime.

Formal qualifications include an Art Diploma in Painting & Graphics from Prahran Institute and Teacher Training Certificate in Art from Hawthorn institute. For many years she has conveyed her passion for art and art history to generations of students. She has taught art in a number of secondary colleges at various levels and particularly enjoyed inspiring and encouraging young and up and coming artists as a specialist art teacher for Year 12 students.

In recent times Faye channelled her skills, energy and enthusiasm into her work with adult art groups, introducing them to a range of techniques and media using pastel, oil, and water colour. On a personal level she has found this work extremely rewarding and uplifting. Faye is extremely committed to her art and is now focusing on exploring her own creativity.

ST KEVIN'S COLLEGE

From its beginning in 1918, St Kevin's has
developed a strong academic tradition where
each boy is encouraged to take responsibility for
his own learning in an environment that values
knowledge and scholarship.

At St Kevin's, we strive for the development of
the whole person integrating spiritual develop-
ment, academic success, cultural awareness and
sporting participation in the context of the
Catholic tradition.

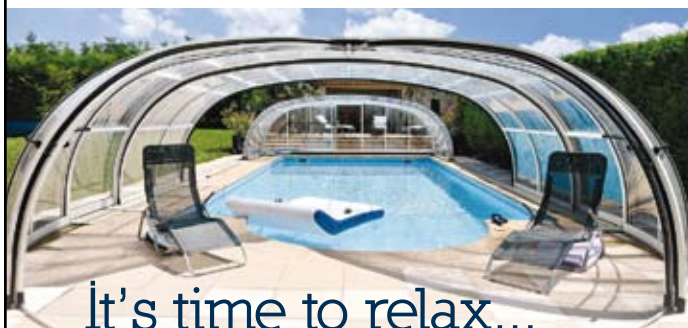

The St Kevin's community is based on family –
an extended family of students, teachers,
parents and old collegians throughout the
country, a community that is wholeheartedly
committed to the Christian education of
young men.

'You will know the truth, and the truth will set
you free.'

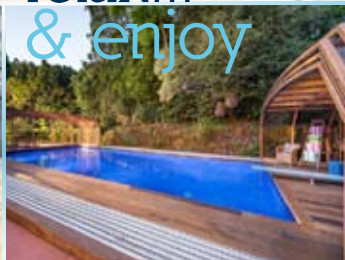

John 8:32

"The pool enclosure has made a huge difference in usability, maintenance time and solves water evaporation problems. Maintenance is less costly because you do not need as much cleaning gear and you don't need to use gas heating as much because it keeps the water warmer. TPEC's pool enclosure is easy to use and adds value to our Toorak home; I was very happy with TPEC's service."

Western Chances

Many families in Melbourne's West struggle to meet all the costs associated with school, let alone the extras needed to really progress the talents of our young people.

The objects of Western Chances are to:

"Provide scholarships to young people in Melbourne's West who do not have the finances, networks and resources to pursue their education and career goals and fulfil their potential".

We have found that the scholarships enrich the self-esteem of the young people, raise the hopes of the young people and their families and, reward teachers, schools and organisations for their belief in our young people.

Your support of Western Chances would be greatly appreciated.
